RE: **Extension of Bid 08-08-0909**
Fire Rescue Vehicles & Other Fleet Equipment

The Florida Sheriffs Association will extend Bid 08-08-0909 for an additional nine months, and will be effective through September 30, 2010.

Due to the new federal emission standards for 2010 engines, the Florida Sheriffs Association will allow manufacturers to increase the base price of the vehicles offered through this contract, as allowed in Part A, item seventeen (17) from Bid 08-08-0909.

Purchase orders should start at the base price for the vehicle being purchased and show the increase to make the vehicle compliant with the new emission standards. The end user should request documentation from the manufacturers in order to substantiate the increase.

The success of this program is due to the end user. We appreciate your loyalty and continued support.
