2017 Challenger MT455

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Liquid cooled diesel with minimum of 75 PTO hp @ 2200 rpm.

2. **TRANSMISSION:**

- a. Synchroshuttle type with a minimum of 8 forward and 3 reverse speeds.

3. **FUEL TANK:**

- a. Minimum 23 gallon capacity.

4. **BRAKES:**

- a. Oil cooled hydraulic.

5. **POWER TAKE OFF:**

- a. Speeds RPM - 540/1000

6. **HYDRAULIC SYSTEM:**

- a. Open center system with standard remotes.
- b. Standard output @ remote gpm - 10
- c. Main pump flow 17 gpm

7. **POINT HITCH:**

- a. Electronic or mechanical 3 point hitch control
- b. Category II
- c. Telescopic stabilizers
- d. SAE lift capacity @ 24" standard lbs. - 3,600
- e. Lower draft arm link ends - extendable

8. **TIRES:**

- a. Not less than 18.4R - 28 R1 radials

b. Not less than 7.5L - 15 6 Ply F2

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE) SPECIFICATION #22

2017 Challenger MT455

The Challenger MT455 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$84,389.00	\$84,389.00	\$84,389.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Caterpillar 236D

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE:**

- a. Minimum 3 cylinder 56 HP Diesel

2. **TRANSMISSION:**

- a. Hydrostatic Drive
- b. Forward, reverse, travel speed controlled by two hand levers

3. **ENGINE EQUIPMENT:**

- a. Spin on type filters
- b. Dry type air filter

4. **OPERATOR ENVIRONMENT:**

- a. OSHA approved ROPS canopy shall be integral
- b. Front and rear work lights, hazard lights
- c. Engine monitoring system or gauges, with audible alarm
- d. Tires 10x16.5 extra wall
- e. Horn and backup alarm

5. **BRAKES:**

- a. Parking brake
- b. Hydrostatic main braking

6. **LOADER:**

- a. Front auxillary hydraulics
- b. Foot or hand controls for bucket
- c. Minimum 62" wide construction bucket
- d. Operating capacity 1,800 lbs - minimum

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

SKID STEER LOADER - 1850 LB OPERATING CAPACITY WHEELED ONLY SPECIFICATION #26

2017 Caterpillar 236D

The Caterpillar 236D purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$33,116.00	\$33,116.00	\$33,116.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

THE "ROOK" TACTICAL VEHICLE SPECIFICATION #29

2017 Caterpillar 287 with Rook Option

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. VEHICLE PLATFORM:

- a. CAT Multi-terrain loader
- b. 84 HP Diesel Engine
- c. 2 Speed powertrain
- d. Operating weight 13,000 lbs.
- e. Fuel Tank 26 gallons
- f. Hydraulic Quick Coupler
- g. Enclosed ROPS cab with air conditioner and heater
- h. Dual level suspension undercarriage with self level.
- i. Advanced machine information and control system

2. CAB ARMORED PROTECTION

- a. Bullet proof glass
- b. NIJ Level IV armor cab reinforcement fabrication

3. ARMORED DEPLOYMENT PLATFORM

- a. Integrated video system
- b. Breaching ram
- c. Vehicle extraction tool
- d. Grapple claw

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

THE "ROOK" TACTICAL VEHICLE SPECIFICATION #29

2017 Caterpillar 287 with Rook Option

The Caterpillar 287 with Rook Option purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$299,037.00	\$299,037.00	\$299,037.00	\$299,037.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

3.0 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET - PARALLEL ARM OPTION) SPECIFICATION #31

2017 Caterpillar 926 M

The Caterpillar 926 M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$132,576.00	\$132,576.00	\$132,576.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

5.75 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET) SPECIFICATION #32

2017 Caterpillar 972M

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **ENGINE/CAB:**

- a. Diesel engine, six cylinder, four cycle, liquid cooled, minimum 280 HP.
- b. Cab with A/C

2. **TRANSMISSION:**

- a. Power shift transmission with torque converter or hydrostatic drive, minimum of four forward and three reverse speeds.

3. **DRIVETRAIN:**

- a. Four wheel drive.
- b. Manufacturer's standard axle.
- c. Inboard or outboard mounted wet disc braking system.
- d. Inboard or outboard mounted planetary final drives.
- e. 26.5 –R25 radial tires mounted on multi piece rims.

4. **LOADER:**

- a. 5.75 cu. yd. general purpose bucket with bolt on cutting edge.
- b. Bucket position indicator.
- c. Automatic return to dig.
- d. Rear drawbar.
- e. Gauges and indicators: visual hydraulic oil level indicator, electronic monitor display of all fluid levels and temperatures.
- f. Deluxe suspension seat with foam padding and backrest.
- g. Articulated steering, 40 degrees minimum each direction.
- h. Wheelbase of 11'4" minimum.
- i. Minimum operating weight of 53,674 lbs.

5. **ELECTRICAL:**

- a. 24 volt electrical system.

- b. Neutral safety start device.
- c. Manual battery disconnect switch.
- d. Driving lights, front and rear work lights, stop lights, warning lights and tail lights.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

2017 Caterpillar D3

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. ENGINE:

- a. Minimum 4 cylinder 70 Net HP

2. TRANSMISSION:

- a. Hydrostatic, infinitely variable speed.
- b. Constantly variable

3. UNDERCARRIAGE:

- a. Minimum 5 rollers
- b. Standard grouser minimum of 16"
- c. Top roller, each side

4. DOZER:

- a. Minimum 96" wide
- b. Minimum 32" high
- c. Minimum 1.88 cyd blade capacity
- d. Power, angle, tilt (PAT) type blade

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

70 HP BULLDOZER CANOPY TRACTOR (STANDARD TRACK - WIDE TRACK OPTIONAL) SPECIFICATION #35

2017 Caterpillar D3

The Caterpillar D3 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$80,524.00	\$80,524.00	\$80,524.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

HYDRAULIC MINI EXCAVATOR - 7,105 LB. OPERATING WEIGHT SPECIFICATION #39

2017 Caterpillar 303E CR

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. WEIGHT:

- a. 7,105 minimum capacity weight with canopy

2. ENGINE/CAB:

- a. Diesel engine, minimum 23 net horse power
- b. Rollover and falling object protective structures
- c. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant.

3. TRAVEL SYSTEM:

- a. Minimum high speed travel 2.3 MPH
- b. Minimum gradeability, 20 degrees
- c. 11" wide rubber belt tracks

4. HYDRAULIC SYSTEM:

- a. Gear type hydraulic pump
- b. Digging depth 9' minimum
- c. Auxiliary hydraulic circuit and controls plummed to the end of stick with disconnect to allow the use of hydro-mechanical work tools
- d. Backfill blade
- e. Hydraulic motor-driven swing system

5. ELECTRICAL SYSTEM:

- a. 12 volt electrical system
- b. 40 amp alternator
- c. Sealed electrical connector

d. Work lights

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC MINI EXCAVATOR - 7,105 LB. OPERATING WEIGHT SPECIFICATION #39

2017 Caterpillar 303E CR

The Caterpillar 303E CR purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$36,019.00	\$36,019.00	\$36,019.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Caterpillar 336F L

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **WEIGHT:**

- a. Minimum operating weight - 76,550

2. **ENGINE:**

- a. Turbocharged diesel engine 257 HP
- b. Spin on type filters
- c. Two stage air cleaner

3. **TRAVEL SYSTEM:**

- a. Travel speed of 2.9 mph

4. **HYDRAULIC SYSTEM:**

- a. Standard auxiliary hydraulic valve
- b. Main hydraulic system flow 144 GPM minimum

5. **UNDERCARRIAGE:**

- a. Overall track length 16'2"
- b. Overall track width 10'6"
- c. Shoe width 24"

6. **OPERATING STATING:**

- a. Cab to be air conditioned, heated and pressurized filtration system
- b. Intermittent windshield wipers
- c. Opening front windshield
- d. Vibration dampening cab mounts
- e. Adjustable suspension type operator seat with safety belt
- f. Tinted safety glass

- g. Engine monitoring system with audible alarm
- h. Work lights

7. STICK, BOOM, BUCKET:

- a. Boom and stick combination to allow minimum reach at ground level of 35'6"
- b. Bucket to be a general purpose bucket, appropriately sized for machine and included

8. SWING SYSTEM:

- a. Swing radius 12
- b. Swing speed 9.2 RPM

9. MISCELLANEOUS:

- a. Fuel capacity of 145 gallons minimum

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

HYDRAULIC EXCAVATOR - 76,550 LB OPERATING WEIGHT SPECIFICATION #42

2017 Caterpillar 336F L

The Caterpillar 336F L purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$286,503.00	\$286,503.00	\$286,503.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **WEIGHT:**

- a. Minimum operating weight with open rops 15,200 lbs.

2. **DRUM/VIBRATORY SYSTEM:**

- a. Maximum compaction shall not be less than 30,000 lbs.
- b. Drum shall have a compaction width of not less than 66"
- c. Drum shall be smooth and not be less than 48" in diameter
- d. Vibratory system shall be hydraulically driven and have two amplitude settings
- e. Drum shall be equipped with an adjustable cleaning device
- f. Drum and vibratory pack shall be isolated from the machine during normal operation

3. **ENGINE/CAB:**

- a. Turbocharged diesel engine, minimum 74 HP
- b. Operator station shall be mounted to the frame with rubber mounts to further isolate the operation and controls from machine vibration during operation
- c. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant temperature with an alert sounding device activated whenever a warning indicator is illuminated.
- d. A backup alarm shall emit an audible alarm whenever the propel lever is moved into reverse

4. **TRAVEL SYSTEM:**

- a. A machine must be hydrostatic driven for the rear axle and the drum drive motor

5. **ELECTRICAL SYSTEM:**

- a. 12 or 24 volt electric system
- b. Maintenance free battery supplying 750 cold cranking amps
- c. Wiring harness protected with nylon-braided wrap

47" SMALL DOUBLE DRUM ROLLER - 5,400 LBS. **SPECIFICATION #47**

2017 Caterpillar CB24B

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. WEIGHT:

- a. Minimum operating weight 5,423 lbs.

2. DRUM/VIBRATORY SYSTEM:

- a. Drum compactor width on both drums no less than 47"
- b. Drum shall be smooth and not less than 27.5" in diameter
- c. Vibratory system shall be hydraulically driven
- d. Drum shall be equipped with scrapers both front and rear of both drums
- e. Drum shall be hydraulically driven and have two amplitude settings

3. ENGINE:

- a. Diesel engine of not less than 25 HP
- b. Reverse alarm for reverse operations

4. TRAVEL SYSTEM:

- a. The machine shall be hydrostatically driven
- b. Steering shall be centered articulated and oscillated

5. MISCELLANEOUS:

- a. Unit shall be equipped with a pressurized water system for both drums
- b. Electrical system shall be 12 or 24 Volt

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

47" SMALL DOUBLE DRUM ROLLER - 5,400 LBS. SPECIFICATION #47

2017 Caterpillar CB24B

The Caterpillar CB24B purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$39,308.00	\$39,308.00	\$39,308.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ARTICULATED OFF ROAD DUMP TRUCK - 50,000 LB. PAYLOAD CAPACITY SPECIFICATION #61

2017 Caterpillar 725

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. **WEIGHT:**

- a. Minimum operating weight - 40,000 lbs.
- b. Minimum gross weight (with payload) - 91,000 lbs.

2. **ENGINE:**

- a. Turbocharged diesel engine, 265 hp 6 cylinder, 549 cubic inch minimum.
- b. Spin on type filters.
- c. Two stage air cleaner.

3. **TRANSMISSION:**

- a. 6 speeds forward, 1 speed reverse.
- b. Top speed of 31 mph
- c. Hydraulic retarder

4. **BRAKES:**

- a. Disc type service brakes.
- b. Disc type parking brake.

5. **AXLES & DIFFERENTIALS:**

- a. Differential locks
- b. Planetary gear reduction final drives.
- c. Inter axle differential lock.

6. **TIRES:**

- a. Tubeless, radial off road hauler tires.
- b. 23.5 R 25 tire size

7. **STEERING:**

- a. 45 degree left or right articulation angle.

- b. Secondary electric steering system for emergency steering.
- c. Double acting steering cylinders.

8. OPERATING STATION:

- a. Cab to be pressurized, heated, air conditioned and filtered.
- b. Built in ROPS/FOPS protection.
- c. Suspension type operators seat with seat belt.
- d. Cab instrumentation or engine monitoring system with audible alarms.
- e. Tinted glass windows.
- f. Sun visor
- g. Front and rear intermittent windshield wipers.
- h. Work lights, headlights, stop, tail and turn signal lights.
- i. Left and right mirrors.

9. BODY:

- a. Dump body tipping angle 70 degrees.
- b. Mud flaps
- c. Two single stage double acting body hoist cylinders.
- d. 18 yd. heaped capacity
- e. Body rise time maximum 12 seconds.

10. MISCELLANEOUS:

- a. 95 gallon fuel tank minimum.
- b. Guard or shielding package.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, due to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

ARTICULATED OFF ROAD DUMP TRUCK - 50,000 LB. PAYLOAD CAPACITY SPECIFICATION #61

2017 Caterpillar 725

The Caterpillar 725 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$314,538.00	\$314,538.00	\$314,538.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Mitsubishi FG25

The Mitsubishi FG25 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$27,870.00	\$27,870.00	\$27,870.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2017 Caterpillar D125-8

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

INCLUDED DELIVERY TO THE PURCHASER. OFFLOADING OF THE EQUIPMENT IS UPON THE RECEIVING PURCHASER.

1. GENERATOR REQUIREMENTS:

- a. Standby duty rated at 125.0 kW, 156.3 KVA, 8 power factor.
- b. 480 volts
- c. 3 phase, 60 hertz, 1800 rpm
- d. Directly connected to the engine flywheel housing with flex coupling.
- e. Generator shall meet performance class G3 of IEC.
- f. Unit shall be in compliance with and be UL 2200 labeled.

2. ENGINE:

- a. Water cooled diesel engine, sized for generator set.
- b. Emission compliant engine.

3. CONTROLS:

- a. Solid state, microprocessor based generator controls.
- b. Controls shall provide all operating, monitoring and control functions for generator set.

4. ENCLOSURE/SILENCER:

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel oil tank shall be enclosed in a factory assembled water protective, sound attenuated enclosure.
- b. Critical grade silencer.
- c. Companion flanges.
- d. Flexible stainless steel exhaust.

5. FUEL TANK:

- a. Double wall sub-base tank integral to enclosure.

- b. 24 hour capacity at 100% at full load.
- c. Rupture basin with 110% capacity.
- d. Locking fuel caps.
- e. Mechanical fuel level gauge.
- f. Low fuel level alarm contact.
- g. Fuel tank rupture alarm contact.
- h. Must meet UL 142 and FDEP standards.

6. BATTERY CHARGER:

- a. Current limiting battery charger to automatically charge batteries.
- b. Charger shall be dual charge rate with automatic switching to boost rate when required.
- c. Charger shall be mounted on genset package.

7. START UP AND TESTING:

- a. Vendor must coordinate all start up and testing activities with the engineer and owner. After installation is completed by others and normal power is available, the vendor must perform a one (1) day start-up including the use of building load. The start-up technician will instruct all necessary personnel how to operate and maintain the equipment in accordance to the manufacturer's requirements.

8. CONDITIONS:

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacture for this model and shall include but not be limited to the following necessary items:
- b. Initial filling of oil and antifreeze.
- c. Shrink wrap applied to the product to ensure a clean finish.
- d. During the start-up, the technician shall record the following information and provide to the owner for his records:
- e. Record Operating Voltage, Hz, Ph, and connected load (Amperage)
- f. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
- g. Record engine and generator serial numbers.
- h. One complete set of operation and maintenance manuals.
- i. Two (2) year or 1500 hour standard standby generator warranty. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.

2017 Caterpillar 15 ACERT

LISTED ABOVE YOU WILL FIND THE MODEL NUMBERS OF THE VEHICLES THAT WILL BE INCLUDED IN THIS YEAR'S CONTRACT. ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE NOTED.

1. GENERATOR REQUIREMENTS

- a. Standby duty rated at 500kwe, 625kva, 0.8 power factor
- b. 480 volts
- c. Voltage options are: 120/240, 120/208 or 277/480 3ph
- d. Directly connected to the engine flywheel housing with a flex coupling
- e. Generator shall meet performance class G3 of IEC
- f. Unit shall be compliance with UL 2200 specifications

2. ENGINE

- a. 6 cylinder, water cooled, 1800rpm, diesel engine
- b. Emission compliant engine to stationary standby regulations

3. CONTROLS

- a. Solid state, microprocessor based generator controls
- b. Controls shall provide all operating, monitoring and control functions for the generator set.
- c. Control panel is NFPA110 Compliant

4. ENCLOSURE/SILENCER

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel oil tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure with oil and water drain lines
- b. Enclosure shall be constructed from aluminum, preferably out of .125 thickness and 5058 marine grade aluminum.
- c. Critical grade silencer (25DB Reduction)
- d. Companion flanges
- e. Flexible stainless steel exhausts flex.

5. FUEL TANKS

- a. Double wall sub-base diesel fuel tank shall be integral to the enclosure
- b. 24 hour capacity at 75% load rating
- c. Rupture basin will be of 110% capacity

- d. Locking fuel caps
- e. All necessary vents and caps will be provided
- f. Mechanical fuel level gauge
- g. Low fuel level alarm contact
- h. Fuel tank rupture basin alarm contact
- i. Must meet UL 142 and FDEP standards

6. BATTERY CHARGER

- a. Current limiting battery charger to automatically charge batteries
- b. Charger shall be dual charge rate with automatic switching to boost rate when required.
- c. Charger shall be mounted on genset package.

7. DELIVERY

- a. Net cost includes delivery of equipment to governmental site location.
- b. Coordination and offloading of the equipment at the governmental site location will be the responsibility of the purchasing agency.

8. START UP AND COMMISSIONING

- a. Vendor must coordinate all start up and testing activities with the engineer and owner. After installation has been completed, approved by the local electrical inspector, and normal power is available, the vendor will perform a One (1) day start-up including the use of building load. The start up technician will instruct all necessary personnel how to operate and maintain the equipment in accordance to the manufacturer's requirements.

9. CONDITIONS

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacture for this model and shall include but not be limited to the following necessary items:
- b. Initial filling of oil and antifreeze
- c. Shrink Wrap applied to the product to ensure a clean finish
- d. During the start-up, the technician shall record the following information and provide to the owner for his records: Record Operating Voltage, Hz, Ph, and connected load (Amperage); Package Information consisting of Make, Model, Serial number, and Start-up Date; Record Engine and Generator Serial numbers.
- e. One complete set of operation and maintenance manuals.
- f. Two (2) years or 1000 hours standard standby generator warranty, whichever occurs first. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

DISCLOSURE: THE FLORIDA SHERIFFS ASSOCIATION WORKING IN CONJUNCTION WITH MANUFACTURERS, DEALERS AND DISTRIBUTORS OF VEHICLES/EQUIPMENT DOES THEIR BEST TO ENSURE MODEL NAMES, NUMBERS AND CODES REPRESENT THE LATEST INFORMATION AVAILABLE AT THE TIME THE BID DOCUMENTS ARE PREPARED. HOWEVER, DO TO THE NATURE OF THE BUSINESS, IT IS RECOMMENDED THAT YOU CONFIRM THIS INFORMATION WITH YOUR DEALER REPRESENTATIVE AT THE TIME YOU ARE REQUESTING A CONFIRMING QUOTE.

THE TRAILER MUST HAVE A VIN AND A CERTIFICATE OF ORIGIN.

1. GENERATOR REQUIREMENTS

- a. Standby duty rated at 500kwe, 625kva, 0.8 power factor.
- b. Prime power duty rating 450kwe, 563kva, 0.8 power factor.
- c. Main Breaker shall be equipped with shunt trip.
- d. Generator end shall be Direct coupled to the engine flywheel with a flexible coupling.
- e. Generator shall meet performance class G3 of IEC.

2. ENGINE

- a. 6 cylinder, water cooled, 1800rpm, diesel engine.
- b. Current emission compliant diesel engine.
- c. Spin on fuel and oil filters.
- d. Jacket water heater with service valves to ensure coolant does not need to be drained if heater needs service.
- e. 120vac, 1ph, 60hz input 10 amp, 24vdc, output automatic battery charger.
- f. Standard 4D lead acid batteries with battery rack and cables.

3. VOLTAGE CHANGE OVER SWITCH AND DISTRIBUTION

- a. Manual 2 position voltage change over switch to select each voltage as specified when the unit is not running
- b. 3ph 120/208, and 3ph 277/480
- c. Load leads shall be attached to the generator using two (2) forms and shall be rated for 2000 amps. Generator will be equipped with both: c-1. Five (5) compression lugs per phase rated for 400 amps each
- d. A 20 amp, 120vac, 1ph, male receptacle shall be provided to power the jacket water heater.
- e. A 20 amp, 120vac, 1ph, male receptacle shall be provided to power the battery charger.
- f. Two thumb screw type connection points shall be provided for remote auto start.

4. CONTROLS

- a. Solid state, microprocessor based generator controls
- b. Controls shall provide all operating, monitoring and control functions for the generator set. Controls shall provide for auto start/stop functions.
- c. An emergency stop push button will be installed.

- d. A voltage adjustment shall be provided in the panel to adjust voltage in all voltage positions.
- e. A switch shall be provided in the panel to turn all power off in the panel if not being used.
- f. A front face mounted circuit breaker shall be provided to protect the panel from any D.C. spikes.

5. ENCLOSURE

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure. The sound attenuated enclosure noise level is not to exceed 80 dba @ 21 feet.
- b. Enclosure shall be constructed from aluminum, preferably out of .125 thickness and 5058 marine grade aluminum.
- c. Oil and water drain lines shall be provided and extend to the enclosure wall with brass ball valves for easy service.
- d. Critical grade silencer (25db reduction).
- e. e.Companion flanges.
- f. f.Flexible exhaust-flex.
- g. g.Keyed-alike lockable doors.

6. IN BASE FUEL TANK TRAILER

- a. Trailer shall be DOT approved with proper serial number data plate indicating weight capacity minimum of 20,000lbs.
- b. Trailer will have dual axles with torque springs to reduce overall height of package.
- c. Standard 7 pin vehicle wiring connector to be supplied.
- d. Trailer will have two rear level jacks with sand shoes and front leveling jack.
- e. Trailer will have hydraulic brakes.
- f. Trailer will have all necessary safety equipment to include, but not be limited to, an adjustable and removable pintle hitch, 36 inch safety chains, fenders, lights per DOT, and break away cable.
- g. Tires will be minimum load range type "D" (8 ply rating) with matching steel rims. Rims are to be finish painted.
- h. h.Minimum 8 hour capacity at 75% load rating to determine single wall tank size.
- i. A mechanical fuel gauge will be provided.
- j. Locking fuel cap.
- k. Low fuel level alarm.
- l. All necessary vents and caps will be provided along with suction, return, and drain points.

7. BATTERY CHARGER

- a. Battery will be installed in holding container with battery cables.
- b. Current limiting battery charger to automatically charge batteries.
- c. Charger shall be dual charge rate with automatic switching to boost rate when required.
- d. Charger mounted inside generator set package.
- e. Fully charged battery will be provided at time of delivery and start-up.
- f. 120 volt shore power connector for battery charger.

8. START UP AND COMMISSIONING

- a. One (1) day start-up including operational test of equipment showing proper connection of cables with safety issues performed by a factory trained technician. The start up technician will instruct personnel how to operate and maintain the equipment in accordance with the manufacturer's requirements.

9. CONDITIONS

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include, but not be limited to, the following items:
- b. All product shall be new and of current design.
- c. Initial filling of oil and antifreeze (diesel fuel by others).
- d. During start-up, the technician shall record the following information and provide to owner for his records:i.Operating Voltage, Hertz, Phase, and connected load (Amperage-if any).ii.Written Information consisting of make, model, serial number, and start-up date.iii.Record Engine and Generator Serial numbers.
- e. One complete set of operation and maintenance manuals.
- f. Two (2) years or 1000 hours standard mobile generator warranty will apply, whichever occurs first. Generator to be transported to authorized servicing dealer for warranty repair during normal business hours.

DISCLOSURE: THE FLORIDA SHERIFFS ASSOCIATION WORKING IN CONJUNCTION WITH MANUFACTURERS, DEALERS AND DISTRIBUTORS OF VEHICLES/EQUIPMENT DOES THEIR BEST TO ENSURE MODEL NAMES, NUMBERS AND CODES REPRESENT THE LATEST INFORMATION AVAILABLE AT THE TIME THE BID DOCUMENTS ARE PREPARED. HOWEVER, DO TO THE NATURE OF THE BUSINESS, IT IS RECOMMENDED THAT YOU CONFIRM THIS INFORMATION WITH YOUR DEALER REPRESENTATIVE AT THE TIME YOU ARE REQUESTING A CONFIRMING QUOTE.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

500KW MOBILE GENERATOR PACKAGE SPECIFICATION #73

2017 Caterpillar 500 kW (XQ570)

The Caterpillar 500 kW (XQ570) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central
BASE PRICE:	\$280,764.00	\$280,764.00	\$280,764.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

600 AMP AUTOMATIC TRANSFER SWITCH SPECIFICATION #74

2017 Caterpillar CTG Series

Listed above you will find the model numbers of the vehicles that will be included in this year's contract. All items factory installed unless otherwise noted.

1. AUTOMATIC TRANSFER SWITCH:

- a. Maximum voltage rating of 600Vac, 60hz
- b. 1ph or 3ph
- c. Open transition (break-before-make) transfer logic
- d. Transfer switch must meet the related industry standards:
- e. UL 1008 - Automatic transfer switches for use in emergency systems
- f. CSA - Automatic transfer switches
- g. NEMA - Industrial control and systems AC transfer switch equipment
- h. IEC - Automatic transfer switching equipment

2. RATING:

- a. 600 amp, 3 pole, 277/480vac, 60hz
- b. Enclosure type: NEMA 3r

3. FUNCTIONAL:

- a. The automatic transfer switch shall automatically transfer the load to the generator supply in the event of a utility supply failure and return the load to the utility supply upon restoration. The automatic transfer switch power switching devices shall be mechanically and electrically interlocked to prevent the utility and generator supplies from being interconnected.
- b. All timers should be field adjustable to ensure proper field site compatibility.

4. AUTOMATIC SEQUENCE OF OPERATION:

- a. When the voltage on any phase of the utility supply is below present levels of rated voltage for a preset time delay, a contact shall close to initiate start of the standby generator.
- b. The load shall transfer to the generator supply when the generator voltage and frequency have reached acceptable present levels and the warm-up time delay has expired.
- c. When the utility supply is restored to the above present levels of rated voltage on all phases, load transfer from generator to utility supply shall be initiated following expiry of the utility return timer.
- d. Once the transfer mechanism operates and opens the generator power switching device, the transfer mechanism shall stop in the neutral position (i.e. with the both power switching devices open) for the duration of the neutral delay timer setting to allow load voltage to decay prior to reconnecting the utility supply.

- e. The load shall be re-connected to the utility supply once the neutral delay timer expires and the transfer mechanism continues operation and closes the utility power switching device.
- f. The load shall immediately retransfer to the utility supply (if within acceptable limits) should the generator supply fail prior to the expiry of the utility transfer delay.
- g. The generator set shall continue to operate following a load transfer for a cool down delay period, and then a contact shall open to stop the generator set.
- h. An "on load" test mode may be initiated which shall cause a simulated utility failure condition and transfer the load to the generator set. The transfer sequence shall be the same as for a utility power failure except a neutral delay sequence shall occur when transferring from utility to a generator source.
- i. The load shall immediately retransfer to the utility supply (if within acceptable limits) should the generator supply fail during an "on load" test mode.

5. FACTORY TESTING:

- a. A certified factory test report shall be shipped with each switch at time of shipment.
- b. The automatic transfer switch shall be factory tested prior to delivery to the purchaser. The following test shall be conducted by qualified factory personnel:
- c. Visual Inspection
- d. Mechanical Tests
- e. Electrical Tests
- f. Final Inspection

6. FIELD TESTING AND COMMISSIONING:

- a. The automatic transfer switch shall be field tested once installed at the project site to confirm proper operation of the system. Schedule and witness testing activities shall be coordinated with the project engineer, site contractor, and owner as required in advance of the testing date. A qualified local factory-trained field representative shall conduct the necessary test to ensure proper operation of the switch.
- b. Visual Inspection: Electrical and Mechanical inspection to verify the installation is correct as recommended by the transfer switch manufacturer and as per National Electric Code (NEC) requirements.
- c. Mechanical Tests: As a minimum, the following mechanical tests shall be performed on the transfer switch:
- d. Power conductor torque verification
- e. Verification of mechanical interlock
- f. Manual ATS Mechanism Operation
- g. All Mechanical Fasteners/Wire Connections Tight
- h. Confirmations of correct transfer switch voltage, current and withstand ratings as is required for the application.
- i. Meggar testing the power cabling to the transfer switch.
- j. Verification of correct power cabling phasing and phase rotation prior to energization.
- k. Confirmation of settings for all timers & voltages sensors.
- l. Full Function test-normal operation – 3 complete cycles of failing the utility supply, and transfer load to/from the generator set.
- m. Verification of all test modes operates correctly.

7. CONDITIONS:

- a. In addition to equipment specified, each automatic transfer switch shall be equipped with all necessary equipment as specified by the manufacturer for this model and shall include but not be limited to the following necessary items:
- b. Shrink Wrap applied to the product to ensure a clean finish.
- c. One complete set of operation and maintenance manuals.
- d. A two (2) year or 1500 hour from date of standard standby warranty will apply from date of successful start-up. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

Disclosure: The Florida Sheriffs Association working in conjunction with manufacturers, dealers and distributors of vehicles/equipment does their best to ensure Model names, numbers and codes represent the latest information available at the time the bid documents are prepared. However, do to the nature of the business, it is recommended that you confirm this information with your dealer representative at the time you are requesting a confirming quote.
